

# **Artist Statement of Ketina**

## **Artistic Purpose**

My work serves as a catalyst for the awakening of love and relationship awareness, nurturing open-mindedness and embracing diverse perspectives. Through my art, I delve into these themes, infusing them with emotion, color, and various materials, crafting each piece with the touch of my own hand.

## **Multimedia Expression**

Beyond the canvas, I extend my artistic expression to encompass music, lyrics, and poetry, allowing me to communicate my unique worldview to the world. My journey aims to construct a holistic artistic experience, inviting individuals to partake in a sensory tapestry that mirrors my own encounters.
